OPIS PRODUKTU

This easy-to-use endpoint software allows remote connection from a Windows PC to video conferences hosted on a server running Sony PCS-VCS Series Visual Communication Server Software.

Join virtual meetings from anywhere: at home, in hotels or a temporary office. Share voice, video and PC documents with crisp picture and sound quality.

PCS-EP3 includes license for up to 3 users.

PCS-EP10 includes license for up to 10 users.

PCS-EP must be purchased together with appropriate Support Pack (PCS-EP3SP or PCS-EP10SP).

Operation requires broadband IP connection and Windows PC with embedded Web camera or external USB camera (available separately).
