OPIS PRODUKTU

This smartly styled PTZ (pan/tilt/zoom) camera is ideal for a wide range of security, video conferencing, distance learning and remote monitoring applications.

The 1/4-type CCD sensor ensures crisp Standard Definition picture quality, even in dim ambient lighting conditions.

The stepper motor enables smooth pan/tilt/zoom operation, while an 18x optical zoom range allows frame-filling close-ups.

Equally suitable for standard or ceiling mounting, the camera is available in a choice of black (EVI-D80P) or white (EVI-D80P/W) finishes.
